

Cranleigh 15/21 mile Race

Sunday 24th March 2013

Congratulations on completing the Cranleigh 15/21 mile race on such a bitterly cold day; I hope the weather conditions are more favourable when you compete in your next event. Good luck to everyone running in the London, Brighton or any other marathon this spring, I'm sure it will be a doddle after the undulations of Cranleigh. The actual distance for the revised finish is 15 miles 262 yards and 21 miles 42 yards.

Unfortunately there was an intermittent fault with the clock at the finish; when we tried to set it going after countdown it failed to start! After repeated attempts we did manage to get it going but only after 25 seconds had elapsed. Therefore the time showing on the clock when you finished was 25 seconds faster than your actual time.

The marshals and drinks station helpers would like to thank all the runners that expressed their appreciation either verbally, via e-mails or comments on the Runners World web site. We like the feed back from Runners World including constructive comments on how the event can be improved but I wish to emphasise it is a no frills race/run specifically aimed to provide a fast training run under race conditions for both experienced marathon runners and for those attempting their first marathon. The cut off time for the second 6 mile lap is seen for some as a barrier; if this is the case then in future I would urge you to contact us in advance to see how we can alleviate the problem.

We hope to see you again next year but please enter early; we extended our entries to over 1,000 this year to avoid too many disappointed runners. This is about the maximum number we can accommodate; this takes into account the usual % of DNS runners. We are very flexible when runners become injured before the race and providing we are able to offer the number to another runner we will give a full refund. This applies up to 10 days before the race day. Some return their race numbers and defer to the following year.

Best wishes for a successful 2013.

Brian Vine
Race Organiser
